World Aquatics points use base times as at 2024-11-01. A blank score means no World Aquatics Masters world record exists for that event/age/gender - never shown as zero, never entering a best-5. International swimmers and Multi-class swimmers are excluded from every World Aquatics points calculation on this page (Multi-class uses a different, unimplemented formula on the MSA portal - see the legacy portal).

Male and Female MSQ Multi-class Swimmer of the Meet are not computed here - the MSA portal scores Multi-class swims with a different points formula. See the legacy portal.

Long Tan Memorial Pool - 16 - 18 July 2026

Multi-Class Swimmer of the Meet

MC Points are $1000 \times (\text{base} \div \text{time})^3$, rounded up, against the standing Queensland Multi-class record for the swimmer's classification, age group, course and event as it stood before this meet (records from the MSQ Multi-Class portal). A swim with no existing record establishes one and scores nothing - never shown as zero, never entering a best-5. The award is the average of the best five point-scoring individual swims.

Multi-Class records broken and established

Queensland State Multi-class records, checked against the MSQ Multi-Class portal's standing records as they stood before this meet. A row with no previous record establishes the inaugural record for that classification, age group and event.

A blank score means no World Aquatics Masters world record exists for that event/age/gender - never shown as zero, never entering a best-5. International swimmers and Multi-class swimmers are excluded from every World Aquatics points calculation on this page (Multi-class uses a different, unimplemented formula on the MSA portal - see the legacy portal).

Club size: small 3-7, large 8+ members.

Club size from meet builder: small <=7, large 8+ (overridable).

Mary Maina Trophy - highest average points, small club (3-7 athletes), top 5

#	TEAM	ATHLETES	ENTRIES	RELAY	SCORE/ENTRY
1	Commercial Masters	6	40	3	11.18
2	Brisbane Northside Masters	3	16	0	9.44
3	Cotton Tree Masters	7	48	2	9.25
4	Hervey Bay Masters	5	38	2	9.11
5	Brisbane Southside Masters	5	34	2	8.97

Max Gillespie Trophy - highest average points, large club (8+ athletes), top 5

#	TEAM	ATHLETES	ENTRIES	RELAY	SCORE/ENTRY
1	Miami Masters	11	67	6	10.79
2	Long Tan Legends Masters	14	75	10	10.53
3	Townsville Aquaholics	10	50	0	9.34
4	Belgravia Masters	10	62	4	9.23
5	Barbarians Masters	11	54	6	8.94

George Coronas Trophy - highest club points, top 5

#	TEAM	TOTAL POINTS
1	Rats Of Tobruk Masters	1122
2	North Mackay Sinkers Masters	1080
3	Long Tan Legends Masters	790
4	Miami Masters	723
5	Belgravia Masters	572

George Coronas is awarded on TOTAL club points - the basis proven to reproduce MSQ's own published 2025 Awards Sheet.pdf top 5 exactly. The source procedure document's title says 'Highest Club Points' (a total) but its body text is a copy of the Mary Maina average method, a contradiction in the source document itself (design doc 3.6).

Eligibility: fewer than 3 athletes is not eligible for a club trophy. The ENTRIES divisor is events entered excluding relays, counted from this results file - a true Day-1 snapshot may differ where entries were fully withdrawn before the meet. RELAY is a count of relay entries (informational, matching the published Awards Sheet's column) - it is NOT part of the average divisor. The Visitor Award is the only award a non-MSQ swimmer or club can win (design doc 3.4) - non-Queensland clubs are EXCLUDED from the three trophy lists above.
