

The QUQ Sprint and Relay meet is now open to enter! This is the first meet to use the new Quick Entry system and some of the newer entry options for clubs hosting meets. You can also use it to enter any of the meets currently available via Entry Manager.

We want to know your experience with it. If you would like to provide feedback regarding anything you don't like, something that didn't work, or those things you loved, please list them in an email to Christina Scolaro at [admin@mastersswimmingqld.org.au](mailto:admin@mastersswimmingqld.org.au). This will help us to iron out any issues for future meets.

You should log in using your existing MSQ Entry Manager username and password. There is a Log In link at the top left of the page. Even though it is possible to enter a meet without logging in, you should look for the links and enter your details. There is still an issue entering a meet without logging in and it is not helpful for meet organisers.

Go to either:

1. Directly into Quick Entry for UQ:

<https://quickentry.mastersswimmingqld.org.au/enter/179>

Please ensure you log in:

A screenshot of the 'Enter UQ Short Course Sprint and Relay Meet' web page. At the top, there is a navigation bar with 'Quick Entry', 'Home', and 'Log In' (the 'Log In' link is circled in red). Below the navigation bar is the main heading 'Enter UQ Short Course Sprint and Relay Meet' and the sub-heading 'Entrant Details'. The main content area has a teal background with white text. The first section says: 'If you have an MSQ Quick Entry or MSQ Entry Manager account, please Log In, so your personal details can be automatically added to your entry. If you don't have an account you can enter without one or you can register for an account.' Below this text is a blue button labeled 'Log In (optional)', which is circled in red. The second section says: 'You can lodge an entry on behalf of yourself or someone else.' Below this is a question: 'Is this entry for you or for someone else? (required)'. There are two radio button options: 'Me' (which is selected) and 'Someone else'.

2. You can also go to <https://forum.mastersswimmingqld.org.au/> and click Quick Entry on the menu at the left. Click on "Enter Meet" in the UQ Meet section. The next page has an issue and goes to the bottom (soon to be fixed). Just scroll up and you will see a log in section. Click on the "Log In (optional)" button, and go from there.

Follow the instructions and enter your events. As you select an event, the options for entering a time will display. The easiest way is to click the event and your times will show and you are done. Click Next to go to payments.

Remember, you cannot enter NT or 0:00.00 for the UQ meet and it will default your times to your current age group PBs. If there is an event you have never competed in and have no time for in the system, you will be

allowed to enter the time you expect to achieve on the day. The 50m fin freestyle race is your 6th event, so choose 5 normal events for your official races.

There is more of the system to be released, such as the ability to edit your entries, Club Captain functions, etc, so please be patient. You will get this shortly.

So, feel your way and we welcome you to tell us how you went. If you have any questions about this meet and how or what you can enter, what times you can select or manually enter, then send Martin an email at [masters@uqswim.org.au](mailto:masters@uqswim.org.au) and I will be happy to answer.

Thanks so much for being a part of making this significant change in the way swimmers enter a meet. We look forward to seeing you on October 12 at UQ.

Martin Banks  
UQ Meet Director
