MESSAGE FROM BSM MEET DIRECTOR

All of us at Brisbane Southside are looking forward to welcoming you to our long course swimming meet on Saturday the 18th of June. The BSM team and I are working hard to make sure we present you with a great opportunity to compete in a high-class venue, have some fun and enjoy each other's company!

You may have noticed that our entry fee has increased slightly this year, unfortunately this was unavoidable because our hire fees have increased, and we don't have the support of a council grant. We wanted to make sure that you still had the opportunity to swim a full program including 400m events and of course with world class AOE timing equipment.

It appears that MSQ meet participation has increased since the last time BSM ran its long course program. For this reason, we expect that the timeframe of the meet will fill quickly. We will close the entries early if/when we fill up. So please get in early to not miss out!

Our famous BSM raffles are back again this year: Make sure you bring along some cash to capture some awesome prizes!

Swimmers and volunteers, please be ready to timekeep! With 10 lanes this is 20 timekeepers all day. You help make the meet a success by volunteering.

Last year the BSM meet was incredible with around 265 swimmers. Records were smashed! 1 x WORLD record, 16 x National Records and 21 x Branch records.

We are so excited for what the Brisbane Southside Masters 2022 Long Course Meet will be. Thanks for getting involved!

*Regards,
Josh Hemelaar, Meet Director*

For the guidance of competitors

- Swimmers must comply with signage on pool deck regarding the use of the warm-up and swim-down lanes. Diving will not be permitted unless the signage indicates otherwise.
- Paddles and watches are not permitted to be worn during competition, warm-up or swim-down.
- At the conclusion of warm-up periods, swimmers must leave the competition pool promptly when asked to do so.
- Event(s) to be marshalled will be announced and displayed on the panel below the scoreboard.

- Starts will be 'over the top'. Competitors will remain in their respective lanes until the next heat is started. Move quickly to the lane rope away from the wall once you have completed your heat.
- When asked to clear the pool lanes 0–4 will exit via the side at lane 0, and lanes 5–9 will exit via the side at lane 9.

Self-Marshalling

All swimmers will be required to self-marshall. The objective is to ensure the meet runs efficiently regarding swimmer movement with no swimmer missing their events. Swimmers and officials are to be physically distanced and minimise contact with surfaces. People who are not swimming or officiating should not be near the starting end of the pool during the meet.

- Swimmers are responsible for knowing the event, heat, and lane they are competing in, and for being aware of what event/heat is currently in the water.

- No clothing or gear is to be taken to the blocks – if essential items are required, they can be left in a storage zone near/in the marshalling area.
- The Meet Announcer will be calling the heat number in the water after the start of every heat, and regularly reminding how many heats there are in total for the current event.
- An entrant who fails to report to the Marshalling area prior to their heat being called to the blocks will be deemed withdrawn.
- The no of heats of swimmers will be conducted in accordance with the venue's COVID plan
- The Self Marshalling Entry List should be emailed to swimmers and published at least two days prior to the meet.
- The Self Marshalling Entry List and the Meet Program will be posted at the venue.
- The Marshal will be a helper who can verify a swimmers' position, answer questions, and direct heats to the blocks. The Check-Starter(s) will do a name and lane check behind the blocks prior to the heat.
- At the commencement of your race, the time keeper should check your name against the lane list.

- This app has the ability to display programs, timelines, team scores, entry times and results;
- You can search swim meets from all over the world or in just your local area to follow the action live, as it unfolds;
- In addition to real time results, see pre-race rankings, standings, and heat/lane assignments as they become available. You will see individual and team scores;
- Follow your favourite swimmers and/or teams as “favourites” and then easily filter down to see both completed results and upcoming schedule;
- Available on Android and iPhone devices;
- Cost is between \$10 and \$20 per year.

First aid

Venue lifeguards will be in attendance throughout the warmup and the meet. First Aid will be available if required. Any accident or injury should immediately be brought to their attention and to the attention of the Meet Director.

Emergency evacuation

In case of an emergency evacuation, you will be directed to go to the appropriate ‘emergency exit’ for the pool complex. If asked to evacuate please do so immediately.

Starting Lights

Starting lights will be available for use for hearing impaired swimmers. Please inform the meet director in advance of the meet so that we can prepare accordingly.
