Neil, Jacqui and their team have many years of Japan experience and can help with flights and any extended unique travel requests you wish to discuss, to/from Japan or even in Japan itself.

Some examples to discuss with them could be:

- Fukuoka and nearby Kita Kyushu have cruise ships that will allow you to travel some of the Japan coastline and port cities pre/post event and maybe even to Korea, a stunning nearby option.
- Fly into Tokyo and travel overland to Fukuoka before the event and return to Tokyo with a domestic flight or again enjoy the Shinkansen (bullet train) back to Tokyo with maybe a self-guided stopover in Kyoto or around Mt Fuji.
- Fly via Taiwan on the National carrier EVA Air, or via Korea to enjoy another stopover on your adventure, or via Singapore or even with Cathay Pacific via Hong Kong.
